

maple

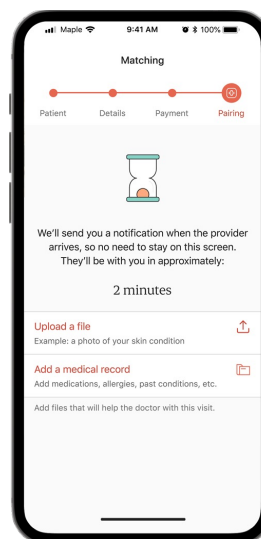

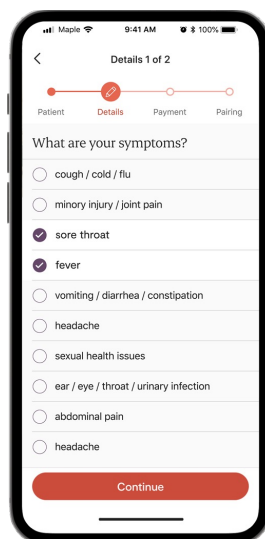

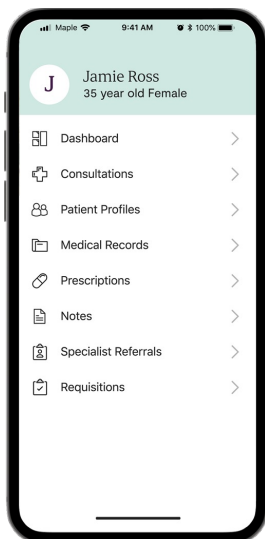

Virtual care, anywhere.

An integrated, all-in-one platform to improve your health and care.

- Connect to a physician within minutes
- Medical advice, diagnosis, and treatment
- Free prescription delivery
- Acute and chronic care
- Mental healthcare
- Patient-owned medical records

1. Create a Maple account in less than a minute.
2. When a medical need arises, click “Get care” and describe symptoms.
3. Within minutes, connect with a physician via text, video or phone.
4. Get medical advice, diagnosis, and treatment including prescriptions and labs.

If you're interested in exploring virtual care, please visit getmaple.ca/for-you-family/pricing for individual / family pricing.
